

Practice conferences and partner retreats

Julian Midwinter & Associates provides complete services to plan, organise, and facilitate partners conferences or retreats.

Our status as recognised incentive and meeting planners means that we are able to make favourable arrangements with venues around the country, and overseas, and that the benefits of these are passed on to our clients.

JMA services include:

- venue selection and travel arrangements
- infrastructure and conference organisation
- development of objectives and programme
- devising the theme
- scheduling
- workshop or seminar presentation
- development of material and case studies appropriate to the practice
- facilitation and chairing of delegate sessions
- arranging social programme
- guest speakers
- programme evaluation.

We also offer a back-up service to assist practice staff to arrange conferences and retreats. We can advise and guide those responsible, helping them to improve their skills in this area while ensuring that unforeseen problems do not mar the event.

If you need help with your next conference or event call us on +612 9968 4168 or email julianmidwinter@julianmidwinter.com.au
